TN NPDES General Permit for Small Municipal Storm Sewer Systems
Greenbrier, Robertson County, Tennessee**

Dear Mayor Dawson:

The Division of Water Resources has received your Notice of Intent (NOI) on June 27, 2017, as required by Part 2 of the NPDES General Permit for Small Municipal Separate Storm Sewer Systems (TNS000000). We have completed a review of the NOI for accuracy and completeness. Our review identified the following impaired streams that were not included in the NOI: Carr Creek and Wartrace Creek. Additionally, there was also an error in the site location (lat: N26.4264). The Division is issuing the attached Notice of Coverage (NOC). Issuance of the NOC does not certify that the NOI adequately provides for all requirements as specified in the MS4 permit. It is the responsibility of the MS4 to implement, maintain, modify, and improve Best Management Practices that are sufficient to prevent pollution and to remain in compliance with all terms and conditions of the MS4 permit.

If you have questions, please contact the division at the Nashville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Ms. Ariel Wessel-Fuss at (615) 532-0642 or by E-mail at Ariel.Wessel-Fuss@tn.gov.

Sincerely,

Vojin Janjić
Manager, Water-based Systems
